**RE: In order to complete the program, students must receive an 80% or better on the final exam. If student receives below an 80% on the final exam, they must satisfactorily take an alternate final exam the following week. If the student still does not receive the minimum required 80% the student must complete remediation with the program director. After the first attempt of the final exam, the most a student can receive is 80% on the exam.**
