

**BAKER COLLEGE**  
**STUDENT LEARNING OUTCOMES**  
EDU 3810 SERVICE LEARNING PROJECT  
1 Semester Hour

---

**Student Learning Outcomes and Enabling Objectives**

1. Analyze the concept of service learning.
    - (a) Compare and contrast service learning in different contexts (e.g. education, business).
    - (b) Identify the skills that are required to participate in service learning.
    - (c) Describe examples of successful service learning projects.
  
  2. Describe how service learning can be implemented through the social studies curriculum at different educational levels.
    - (a) Elementary.
    - (b) Secondary.
    - (c) Post-secondary.
  
  3. Demonstrate ability to execute a service learning project in conjunction with a partner institution.
    - (a) Identify a suitable partner institution and service learning project.
    - (b) Describe the details of the service learning project.
    - (c) Maintain a certified record of the service learning project.
    - (d) Reflect critically on the experience of the service learning project.
  
  4. Develop domain-specific and transferable skills.
    - (a) Improve critical thinking (analysis and synthesis of arguments).
    - (b) Improve competence in composition (arguments supported by evidence and theoretical perspectives, and characterized by sound structure, precise spelling and grammar, and accurate referencing).
- 

These SLOs are not approved for experiential credit.

**Effective: Spring 2018**
