

BAKER COLLEGE
STUDENT LEARNING OUTCOMES

**NUR4450 Community Nursing for the
Experienced Nurse
3 Semester Hours**

Student Learning Outcomes and Enabling Objectives

- 1) Evaluate evidence-based nursing interventions as appropriate for identification, reporting, assessment, planning and management of health concerns within culturally diverse families, groups and communities to promote health across the lifespan
 - a. Investigate the core functions of public health and public health services
 - b. Examine concepts of epidemiology, infectious disease, environmental, and global health related to public health
 - c. Investigate current population health issues and their effects on society and the health care system

- 2) Examine the organization of public health and primary health care systems within the United States
 - a. Analyze current health care systems
 - b. Identify current trends affecting health care systems and their affect they have on population health

- 3) Analyze the various ways public policy and health care economics impact the health of a community
 - a. Discuss the implications of healthcare policy on issues of access, equity, affordability, and social justice in healthcare delivery
 - b. Examine regulatory agencies, their processes, and their effect on patient care quality, workplace safety, and the scope of nursing practice

- 4) Examine the role of the community health nurse
 - a. Discuss emergency response and management plans
 - b. Examine different community settings for nursing practice
 - c. Explore the advocacy role for vulnerable populations

Big Ideas and Essential Questions

Big Ideas

- Community Nursing
- Interdisciplinary Teamwork
- Environmental Health
- Disaster Planning and Relief
- Epidemiology
- Public Policy

Essential Questions

- What are the unique elements specific to nursing practice in the community setting?
- What is the nurse's role in the overall health of the community?
- How can the nurse specifically impact the health of an individual/family/community?
- What resources are available to support community health?

These SLOs are not approved for experiential credit.

Effective: Fall 2023
