

HOUSING ACCOMMODATION REQUEST

VERIFICATION OF DISABILITY/CHRONIC HEALTH CONDITION

The student named below has applied for consideration to be approved for HOUSING ACCOMMODATIONS in the student’s place of residence. In order to determine eligibility, we require documentation of the student's disabling health condition as it relates to living in the residence halls. This documentation could address permanent disabilities, chronic diseases or illnesses, and mental or emotional conditions.

Documentation must indicate "a physical or mental impairment that substantially limits one or more major life activities," including the ability to function in a postsecondary academic environment. Documentation must provide information about how the patient's functioning is limited, and substantiate the patient’s request. To facilitate a prompt review and help to avoid additional requests for documentation, please complete all questions. Failure to do so may result in delay or denial of a request.

INFORMATION RE: EMOTIONAL SUPPORT ANIMAL REQUESTS:

Federal law (Fair Housing Act) allows individuals with disabilities the presence of emotional support animals in College housing. By law, an emotional support animal is defined as an animal needed for emotional support. An individual may keep an emotional support animal as an accommodation in College housing if:

1. The individual is disabled, or has a chronic medical condition that impacts a major life function.
2. The individual has presented this completed form or other documentation to the Department of Residence Life that describes the functional limitations of the individual’s disability. (Under the Fair Housing Act, the request for documentation is allowed.) Documentation must be from a qualified medical provider who has an established relationship with the individual.
3. The animal is necessary to afford the individual an equal opportunity to use and enjoy Baker College Housing.
4. There is an identifiable relationship between the impairment and the assistance the animal provides. This is determined through the documentation from a qualified medical provider.

_____ Temporary, expected to last (days/ weeks/months): _____

Date of Diagnosis (MM/DD/YYYY) _____ Date patient was last seen for this condition: _____

Please describe **how the patient's functioning is substantially limited** by his/her medical condition/disability. Please explain how these limitations are caused by the diagnosed condition (including medication side effects), and the **major life activities** affected as they relate to living in College Housing. Major life activities include, but are not limited to: caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

Please explain how the functional limitations (i.e. symptoms) resulting from the patient's health condition can be reduced or alleviated, and the specific College Housing accommodations needed to do so.

Are there other accommodations in addition to (or in lieu of) the above listed accommodations that would address the limitations of the student's medical condition, thereby allowing the student to live successfully in College Housing?
